

# Remedy Used By Three Generations

Mothers Who Took It When Children  
Now Giving It to Their Children.

There must be genuine merit in an article that has stood the test of two generations of users.

In the field of medicine none has had greater success, nor retained that success to a greater degree, than Dr. Caldwell's Syrup Pepsin, which is now being used by three generations of people. Its use in families is constantly becoming more general. The reason, primarily, is that it has merit. It is what it represents itself to be, a laxative-remedy; it does not make exaggerated claims nor use coarse language to get forth its virtues.

It is a medicine, but so mild and gentle a medicine that thousands of mothers give it to their infants, and yet, in a slightly larger dose, it is equally effective for grown-ups. It is for any disorder of the stomach, liver or bowels, for constipation no matter how chronic, for dyspepsia no matter how severe, for biliousness, sour stomach, gas on the stomach, headaches, drowsiness, after eating and similar complaints arising from a clogged-up condition of the bowels. It is pleasant to the taste and does not gripe. It can be used with safety and good results by anyone at any age or in any condition of health, and that person's health will improve. Every druggist sells it and the price is only fifty cents and one dollar a bottle.

Thousands of families throughout the country are never without Syrup

WM. R. TAYLOR

Pepsin in the house, among them Mrs. W. A. Taylor, 112 Lincoln Ave., Beloit, Wis. She has five children and gives Dr. Caldwell's Syrup Pepsin to all of them as needed. Little William used to cry half the night with cramps and pain, but since being given Syrup Pepsin he does so no longer. The use of this remedy will teach you to avoid cathartics, salts, purgatives and physics generally as they are entirely too harsh. Syrup Pepsin cures gradually, but the cure is comfortable, safe and permanent.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. H. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

## LIVE STATE NEWS

### Nine-Year-Old Somnambulist Walks Mile and Half in Night and Cures Himself of Fever

Remarkable Experience of  
Roosevelt County Lad Who  
Suffers No Ill Effects From  
Long Sleep-Walk.

#### MADRID COAL MINER DIES BY STRYCHNINE

Young Lady Badly Torn by  
Vicious Dogs at Cimarron;  
Alleged Premeditated Murder  
in San Miguel County.

[Special Correspondence to the Herald]  
Portales, N. M., Feb. 23.—A new cure for fever has been demonstrated by little Elmer Taylor, nine-year-old son of Mr. and Mrs. Thomas Taylor, who live on a fine irrigated farm two miles southeast of here. Elmer walked a mile and a half in his sleep on a cold night, attended to his necessities, falling to wake up until he entered the house of J. E. Maxwell. When awakened the boy had no trace of fever. The little chap had complained of not being well and his parents gave him some medicine and put him to bed. He went to sleep. A short time later on entering his room his mother was astonished to find him gone and no trace of him. An alarm was raised and after the whole neighborhood had turned out on a systematic hunt one man was sent to Portales to notify the authorities. Happening to stop at the Maxwell house he found the boy, who had

been put in warm blankets and was none the worse for his exposure. The fever was entirely gone. Elmer had no idea of how he got to the Maxwell house.

#### MADRID COAL MINER TAKES LIFE BY POISON

Santa Fe, N. M., Feb. 23.—Joe Prolo, a coal miner at Madrid, committed suicide by the strychnine route, according to news received here. A coroner's inquest returned a verdict of a clear case of suicide. Prolo had applied for work at the Madrid coal camp. After securing work he became intoxicated and was provided with a bed in the Costa boarding house. Shortly after the proprietor was called to the room by groans and found him in great agony. The superintendent was called; when he arrived the man was dead. The superintendent called J. H. McHughes and on his arrival from Cerrillos an investigation was held and a vial labeled strychnine, with the cork removed and empty, was found by his side, cork and seal being found on the floor. His last address appears to have been Jervis Peak, Colo. He was well dressed and had \$42.70 on his person.

#### YOUNG GIRL ATTACKED BY VICIOUS DOGS AT CIMARRON

Cimarron, N. M., Feb. 23.—While returning home from the school Monday the young daughter of Salvador Charette was attacked by several vicious dogs near her home, biting the young girl quite badly on the legs and arms, tearing her clothing to shreds and otherwise injuring her, necessitating the carrying of the girl to her

home, where the wounds were dressed and cared for.

#### SAN MIGUEL COUNTY MAN FACES CHARGE OF MURDER

Las Vegas, N. M., Feb. 23.—Casimiro Encinas is in the county jail here, having surrendered to officers seeking him on the charge of deliberately shooting and killing Placido Lucero at a dance at Tecolito Saturday night.

The killing of Lucero is said by the district attorney's office to bear the marks of premeditated murder. It occurred at a dance given at Tecolito at the home of one of the prominent families. Lucero is said to have been standing in front of the house when Encinas came up to him, drew a 44 caliber revolver and fired. The bullet entered Lucero's right breast and death occurred almost instantly. The two men, it is said, had had trouble previously and Encinas had sought unsuccessfully to have Lucero put under a peace bond.

#### GASOLINE STOVE EXPLODES; HOUSE IS A TOTAL LOSS

Rowell, N. M., Feb. 23.—Harley Foster lost his house and furniture yesterday when a gasoline stove exploded in the kitchen. The stove was being used and overflowing the gasoline blew up. The high wind swept the flames through the building and nothing could be done to save it. No one was hurt. The loss will be \$2500 to house and furniture, insured for \$2500. Mr. Foster was cooking. Mrs. Foster was visiting in Carlsbad.

#### SAN JUAN COUNTY GIRL IS ACCIDENTALLY SHOT

Farmington, N. M., Feb. 23.—While visiting at the home of Mr. and Mrs. W. A. Anderson, one mile west of Flora Vista, Miss Edith Chittenden was accidentally shot, a stray dog being the cause of the accident. The gun, a 22-caliber, being in the hands of Miss Edith Chittenden, who playfully announced her intention of trying her marksmanship on the dog, when Miss Edith to protect the dog stepped in front of the gun, receiving the contents instead of the dog.

The wound is not necessarily dangerous yet is a great nuisance. She will remain in bed for some time. The ball passed through the thigh at a point about three inches below the hip, taking a downward course and making a wound about 12 inches long.

#### "LAMBED" OVER HEAD WITH HEAVY IRON ROD

Fort Sumner, N. M., Feb. 23.—Y. Norman was brought in from the Perkins ranch and taken to Dr. Albrecht's office, suffering from a severe blow on the head, said to have been caused by Bud Perkins lamming him one with an iron rod. The injured man is expected to recover.

#### NERVOUS DYSPEPSIA, GAS OR INDIGESTION

Each "Pape's Diapiesin" Digests 3000  
Grains Food, Ending All Stomach  
Misery in Five Minutes.

Time! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat feels like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

#### CALL FOR BIDS.

Notice is hereby given that sealed proposals will be received for the purchase of Three Thousand Dollars (\$3,000.00) of the bonds of School District No. 2, Rancho de Atrisco, in the county of Bernalillo, New Mexico, to be issued upon the authority of an election duly called and held in said school district on the 21st day of February, A. D. 1914; said election having been called and held for the purpose of voting upon the question of the issue of said bonds in pursuance of and in conformity with Section 1542 of the Compiled Laws of New Mexico of 1897 and Section 11, Article IX, of the Constitution of New Mexico, and at which election it was decided that the issue of the bonds should be made. Said bonds are to be dated April 1st, 1914, to be of the denomination of Five Hundred (\$500) Dollars each, to bear interest at the rate of six per cent per annum, payable semi-annually, running for a period of twenty years, and redeemable after ten years. Both principal and interest payable at the office of the County Treasurer of Bernalillo County in Old Albuquerque, New Mexico. The school board reserves the right to reject any and all bids. The proposals should be addressed to M. Mandell, County Treasurer, Old Albuquerque, New Mexico. Proposals will be publicly opened March 25th, 1914, at 2 o'clock p. m.

## Livestock MULEFOOT PIG IS IMMUNE FROM CHOLERA

Interesting Variety of Porker  
Introduced in Colfax  
County; Fort Sumner Man  
Remembers Bill Nye's Cow.

#### DAIRY ANIMALS BEAT SUGAR BEETS

Maxwell, N. M., Feb. 23.—S. O. Lynch has received from Indiana three Mulefoot pigs, and will try to raise pigs of that kind here. It is claimed for the Mulefoot pig that it is immune from disease. The three that Mr. Lynch bought were purchased under a strong guarantee, and if at any time the pigs became diseased he gets his money back. The pigs are about three months old and cost him \$50.

The pigs are called Mulefoot, on account of the peculiar formation of their feet. The name distinguishes the breed from all others, and wonderful claims are made for pigs of this kind. It is said that a Mulefoot can be turned in a pen with dead and dying pigs afflicted with cholera, and never get the disease.

Mr. Lynch has the pigs at his farm west of town, and anyone interested is invited to go out and see them. The breed is new in this section, and if the wonderful claims made for it prove true it will be a profitable pig to raise.

#### NO REFLECTION ON THE FORT SUMNER COW

Fort Sumner, N. M., Feb. 23.—A resident of Fort Sumner advertised a cow for sale and got a buyer at once. Moral, it pays to advertise and pay to raise cows. However, the editor of the Fort Sumner Review has to go and cast aspersions on this cow by republishing the following advertisement made immortal by Bill Nye:

"Owing to ill health, I will sell at my residence in township 22, range 15 west, according to government survey, one crushed, spotted colored cow, aged eight years. She is a good milker, not afraid of cars—or anything else. She is a cow of undaunted courage and gives milk frequently. To a man who does not fear death in any form, she would be a great boon. She is very much attached to her home, and present by means of a trace chain, but she will be sold to anyone who will agree to treat her right. She is one-fourth short-horn and three-fourths hays. I will also throw in a double-barreled shotgun which goes with her. In May she generally goes away somewhere for a week or two and returns with a full red calf with woolly legs. Her name is Rosa, and I prefer to sell her to a non-resident."

#### DAIRY COWS BEAT COLFAX SUGAR BEETS

Maxwell, N. M., Feb. 23.—Since nothing has been heard of the 1914 beet contracts many of the farmers have decided to take no chances on the beets but will go into dairying instead. Many of the Colorado farmers who will take to dairying this year have been growing beets for years but the price offered for beets in Colorado is far from satisfactory. Mr. S. R. Garrison, who just returned from Loveland, says that thousands of acres formerly devoted to beets will be put to other uses this year.

The 500 or more tons of alfalfa which went out of here the past month was an object lesson to local farmers as to the value of alfalfa for feeding. Had this hay been converted into butter on Maxwell farms the \$9.50 paid for the hay would have grown into \$50.

#### NEW MOHARR CONTRACT SIGNED BY GROWERS

Silver City, N. M., Feb. 23.—The National Moharr Growers association which formerly had headquarters in this city, has renewed its three-year contract with Brown & Adams, wool and mohair commission merchants of Boston. E. C. Johnson of Lawrence, Kan., representing the selling committee, made a trip through the area investigating the claims of different firms bidding for the association contract but found it more advantageous all around to continue with the Boston firm. Mr. Johnson in a letter to W. A. Heather, of this city, a member of the executive committee of the association, comments most favorably on the future outlook for the mohair market.

#### 500 HEAD OF CATTLE BROUGHT FROM MEXICO

Lake Valley, N. M., Feb. 23.—Nunn and Latham brought in five hundred head of cattle from Mexico Sunday. They are now being branded at the Old Page place recently purchased by Nunn and Latham. Eddie Nunn came up from El Paso with the cattle.

#### Ovens Cream Cake.

Tasty cake may be made with cocoa, quite as deliciously as with chocolate. Put a third of a cup of cocoa, a fourth of a cup of brown sugar and a third of a cup of water together into a porcelain saucepan and cook over hot water, stirring constantly until thick. Turn into a mixing bowl and add a third of a cupful of butter and a cupful of brown sugar, beat well, add an egg, beat a cupful of milk and one and one half cupfuls of flour sifted, with two and one half level teaspoons of baking powder. Bake in a sheet.—Chicago Inter Ocean.

## SUIT FOR \$50,000 FOR TRESPASS ON MINE CLAIM

Litigation Over Important  
Grant County Property; Big  
Burros Copper Company In-  
corporated.

#### Silver City, N. M., Feb. 23.—Bell & Wright, lessors of the rich gold strike made on the Savanna Copper company's property at Pinos Altos, were served with papers this week by the C. & A. Mining and Milling company, who allege that the plaintiffs have trespassed on the Langston mining claim in taking out their rich ore. The Langston is under bond and lease to the C. & A. company, which is working same, and in their complaint they allege that the defendants have trespassed fifteen feet in underground staking on the Langston and assessed the value of the ore and other damages at \$50,000. The Langston adjoins the claim which is being worked by Bell & Wright and which was the scene of the recent rich gold strike.

A writ of attachment on Bell & Wright was sworn out by the plaintiff company and served on the defendants Wednesday with the result that the mine will be closed down pending the result of the suit. About forty men are thrown out of work. J. T. Olesby and C. L. Caddell are officials of the C. & A. company, which is represented in the suit by Barnes & Royall, while Bell & Wright are represented by Wilson & Walton. The case will come up at the March term of the district court in this city. This is the first mining litigation of any importance to be tried in the district court here in a number of years, according to the Silver City "Enterprise," and makes the old timers feel more at home, reminding them of the days when mining suits were filed every day and fortunes were at stake on the outcome.

#### BIG BURROS COPPER COMPANY INCORPORATED

The Big Burros Copper company with a capital of \$1,500,000 was incorporated this week, the incorporation papers being filed with the secretary at Santa Fe. The incorporators are B. K. Wade, R. H. Boulware and John Wiley, all of Silver City. The statutory agent is C. C. Royall. The company was organized among owners of copper-bearing property in the Big Burros for the purpose of development. There are forty-three claims represented in the incorporation, comprising a total of over 800 acres of extremely promising ground, about three miles from Leopold, the scene of the gigantic operations of the Phelps-Dodge company. The ground has never been thoroughly explored although holes here and there all show copper indications while the Copeland, upon which considerable work has been done, shows a well defined copper bearing ledge of gigantic proportions. In fact it was largely the extremely favorable showing of the Copeland that encouraged the owners of claims in that vicinity to pool their holdings and place same on the market for the purpose of development only. This is the way the famous Top mine at Mogollon was developed and the lucky buyers of development stock in that property who bought their stock at 25 cents to 75 cents a share, are now holding out for prices many times that amount. The Top, before it was developed, could have been bought for \$20,000. Within two years it sold for \$200,000.

#### THE AMERICAN ADDING MACHINE

The Big Burros has never been explored by copper mining engineers and this is the purpose of the present organization. Every cent derived from stock sales, aside from legitimate expenses will go to development work and it is believed some good results will be obtained. At any rate from a well known miners' standpoint who knows the ground, "it is a good gamble."

Those who put their property in the new company and who will also be the directors are J. W. Carter, representing the owners of the Copeland mine, B. K. Wade, R. H. Boulware, Mrs. Elsie B. Wiley, C. C. Royall, John M. Wiley and F. A. Bush.

At a meeting of the directors held this week, B. H. Boulware was elected president, John M. Wiley vice president, C. C. Royall, secretary; F. A. Bush, treasurer, and R. K. Wade, manager.

#### \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing his work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

#### THE AMERICAN ADDING MACHINE

The Latest Adder  
COSTS BUT \$35  
Ask for Demonstration

Here is a new piece on a competent Adder. On a machine that is rapid, full-size and infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous out-

put. Seven keys do all the work. Now we make this offer so that offices everywhere may learn what this machine means to them.

#### TEN DAYS TEST

We will gladly place in any office one American Adder for a ten days' test.

There will be no obligation, and charges.

Compare it with any non-lister—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

Each copied number is shown up for checking before the addition is made. The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures in a minute and the machine never makes mistakes. Countless offices, large and small, are getting from these machines the highest class of service.

Please send us an American Adding Machine for ten days' free trial.
